WORK & EXPERIENCE

Social Creative Manager

Virgin Voyages | November 2024 - Present

- Lead creative direction for all organic and paid social, translating brand vision into cohesive campaigns across a 2M+ audience, growing engagement 40% YoY and increasing content output 132% YoY
- Manage and mentor 3+ designers, videographers, and contractors, setting clear direction and reviewing all creative to ensure it stays true to brand standards and resonates with its target audiences
- Built a custom creative approval system that consolidated three tools into one, handling 100+ assets monthly, cutting production turnaround by 20% and unifying brainstorming, feedback, and approvals
- Partner with brand and growth teams to turn business goals into visual concepts for social campaigns
- Integrate AI tools and trend analytics into concepting and planning, informing monthly creative strategy

Social Content Designer

Virgin Voyages | August 2021 - November 2024

- Designed static, motion, and video campaign assets across 10 major digital and social channels for the brand's launch and 4 ship rollouts, helping grow total audience from 350K to over 1.2M
- Developed campaign creative within brand guidelines, delivering 10+ assets weekly under tight deadlines
- Traveled internationally to capture content and support shoot planning for organic and paid use
- Built a company wide social asset library, improving access and distribution across teams

Freelance Cinematographer, Designer and Drone Pilot

Maxwell Purwin Freelance | September 2016 - August 2023

- Designed brand identities, vector graphics, and motion graphics for clients using Illustrator and Photoshop
- Concepted and storyboarded narrative video content, planning framing, pacing, and delivery
- Directed on location photo and video capture for automotive and medical clients
- Grew an independent automotive YouTube channel to 26K+ subscribers, publishing 3x weekly

Production Assistant

Specialty Field Production | May 2018 - December 2020

- Assisted on large scale commercial and live streamed production sets, collaborating with 15+ crew members and supporting high profile clients including Ford Performance and Rivian
- Organized cameras, drones, lenses, and grip equipment in studio and on set to ensure smooth productions
- Solved critical equipment and technical issues promptly under time sensitive conditions on set
- Supported the Digital Imaging Technician with media management, data offloading, and asset organization
